ABOUT ME

I am Justine Leymark, a 22-year-old from Cauayan City, Isabela, with a quiet yet determined nature. Currently honing my personal and professional skills, I am dedicated to improving my abilities in web design, front-end development, and artistry. My goal is to become a proficient web designer and front-end developer, contributing to a company that values hard work and innovation. I am passionate about continuous learning and look forward to making significant contributions while achieving my professional dreams.

OBJECTIVE

Aspiring web designer and front-end developer with a passion for creating visually appealing and user-friendly websites. Seeking an opportunity to contribute to a dynamic team and enhance my skills in a supportive environment that values dedication and innovation.

EXPERIENCE
